L. O. BEITZ

Greetings...

FOR *Fall.*

Once again the seasons have rolled around. This year marks the 20th year we have been engaged in the growing of iris . . . all pleasurable years and enjoyable from the standpoint of the many fine garden friends we have made and also from the standpoint of growing such an entrancing garden favorite, the IRIS.

However, this season we have decided to close out our entire nursery stock as rapidly as possible and to retire from the strenuous round of supervision and activities incidental to operating a general farm and a nursery containing the "World's Largest Collection" of Iris varieties.

This may come as somewhat of a shock to our many flower friends and we regret that we cannot carry on this interesting work and to serve you in the future. We believe that you will be able to make new connections among the many fine growers and dealers handling a similar line of products. A perusal of any of the current garden magazines will give the names of reliable dealers.

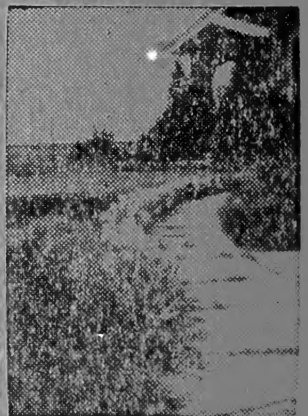

We again want to thank our thousands of customers for the fine orders sent in last year. Our mail man was still sweating plenty last year trying to keep up with both the incoming and outgoing mail. Fern E. Geiser again supervised an office crew of three and attempted to keep up with the correspondence. This year we expect our mail to be as heavy or heavier due to the many who may wish to take advantage of our extraordinary low prices which cannot be duplicated elsewhere.

This year we are accepting orders for filling only in order of rotation received; first come, first served. No stock reserved for later shipment and once the variety is sold out, it will not again be stocked.

Now a word about our show gardens. We don't maintain fancy exhibition plots. We have found that we can spend too much time and money keeping such things up—the cost of which would have to be passed on to you flower lovers. Hence when you come around, bring your hiking shoes (and maybe overshoes) and an ample lunch for you won't be able to make the rounds all in 10 minutes. In one day this year we had over 3,750 visitors—if you pay us a visit try to come on some day other than Sunday to avoid the crowd.

Again last year we were able to reset a greater portion of our plantings which with plenty of rain, plenty of Kansas sunshine, makes for plenty of fine big healthy roots. We don't claim to grow the largest roots in the world but we do believe we have the hardiest and the best acclimated roots which will do well anywhere!

Now a word about those orders you expect to be sending us soon. We like to receive them just as soon as you receive our catalog so we can process it ahead of the summer rush of digging. Plant orders unlike other commodities must be placed ahead of planting time to insure your getting what you want. This is especially important this year when we will run short on many of the more popular sorts.

We regret that under no circumstances can we fill your order other than in rotation received. Of course all orders will be acknowledged giving approximate date of shipment.

This year we have scattered throughout the catalog bits of information regarding life here on Fair Chance Farm. Even though we are discontinuing our business, we can assure you that we will give the same kind of careful attention to each order here-to-fore attempting to fill your order with the best quality of stock available.

Every year thousands of people visit our gardens taking Kodachrome pictures of the iris fields—others take motion pictures of the crowds in the fields. In as much as our gardens will be open to the public this year only (with a complete display of over 2,250 varieties of iris), we advise you pay us a visit this year for sure.

To handle these crowds, we urgently request that not everyone come on Sunday—3,750 in one day last year is just too many!!! Those who can come during the week should do so. Several picnic tables are available for those driving from a distance. Large groups of visitors and Garden Clubs should contact us in advance in order to partially prevent 3 or 4 clubs from arriving on the same day to view the gardens.

So pay us a visit during the month of May and view a sight you will never forget.

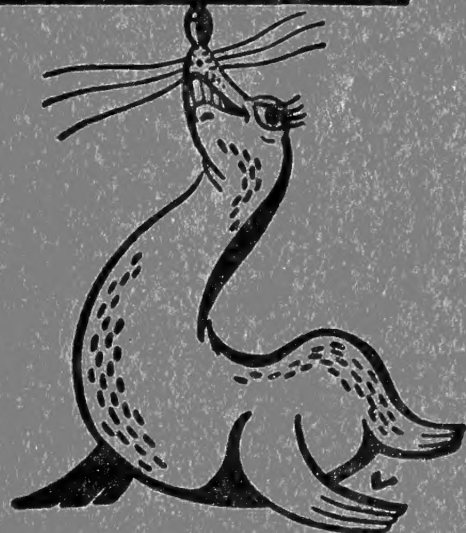

Yours for more beautiful iris,

Alice M. Geiser
Fern E. Geiser

Melvin G. Geiser

George W. Geiser
Cherie J. Geiser

IRIS

"Our Specialty Flower"

In the following pages you will find our complete listing of the numerous varieties of iris grouped into sections for Dwarf, Intermediate, Tall Bearded, and Re-Blooming. Additional sections for different iris families will also be found as follows:

The **Pogon Iris** includes Juno, Oncocyclus, Regelia, Regelio-cyclus, and Reticulata.

The **Apogon Iris** includes the Spuria, Siberian and Miscellaneous Iris sections.

The **Subgeneric Hybrids** includes the section we have listed as Miscellaneous Bearded Iris.

Iris Descriptions

To conserve space in our catalogue we have resorted to a "code" system of presenting information. Height given in inches follows the name with season of bloom next indicated by letters E-early, M-midseason or L-late. Fragrance denoted by *. The American Iris Society permanent ratings (based on 100 as perfect) immediately precedes the color description.

Winners of various Iris Society medals are indicated by HM (Honorable Mention), AM (Award of Merit), DM (Dykes Medal), GM (Gold Medal,) and SM (Silver Medal).

For the 100 best iris for the year 1949 see section entitled "Iris Hit Parade" listed in center of catalog.

Dykes Medal winners are also indicated by being set in larger size type (also see complete listing of these found elsewhere in this catalog).

Overseas Novelties

Through special arrangements with leading growers and hybridizers overseas, we have procured and have growing many of the choicest and unusual sorts. However, since our stocks on many are very limited, we urge you to place your order early. Once our stocks are sold out, the majority of these varieties will no longer be available from sources here in the United States.

Free Iris Premiums

For complete details see inside back cover of catalog.

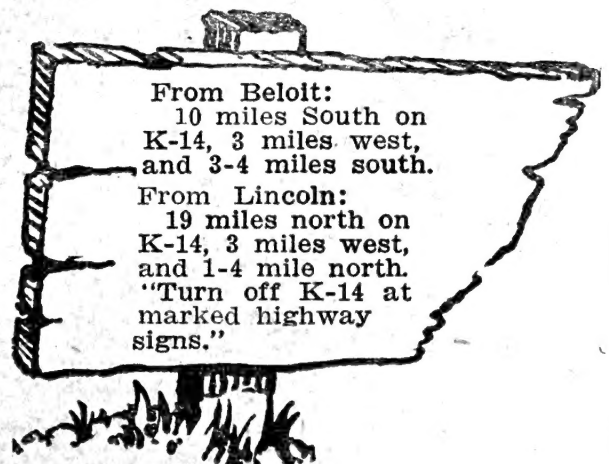

Iris Collector's Items

For complete listing of the older "antique" iris for which you may be looking, see section "Iris Collector's Items" located at close of "Iris" section.

Bargain Collections

See special grouping listed elsewhere.

Iris Farm Location

"Our Iris arrived July 30 and we set them right out. We especially want to thank you for sending along those extras—they must be very choice as I could not find them in any other iris book. I'm quite sure they will feel right at home in my yard. We are looking forward to lots of new iris blooms and your 1950 catalogue."

Mrs. C. M. L.
Omaha, Nebr.

Dwarf Bearded Iris

For the rock garden and along the walks, nothing is so charming as these prolific, suitable hardy sorts which bloom from March until the middle of April (and some even later). Due to the increased interest in these Tom Thumb iris and because many of the newer ones challenge the colorful hues of their taller brethren, we offer the ample collection below.

Prices Postpaid if total iris order is \$3.00 or more. Complete cultural directions furnished.

Please give 2nd choice or allow us to substitute.

- Adorable, 8" E, rosy purple self30
 Alinda, 8" EE, wine red, pale blue beard, tops in this color class60

We're Puzzled!

Yes sir! We're really puzzled many times for we receive orders for iris and narry a name signed on the order. Or other times we receive an order and no address is given. We have several such orders on file right now and we can't ship the iris.

Please give complete name and address with every order, please!

- Violet Gem**, 7" EE, rich dark blue violet50
- Violet Prince**, 8" E, dark gray S; F—same overlaid rich plum, grey edge to falls 1.00
- Wee Prince**, E, purplish blue35
- Yellow Frills**, 10" E*, frilled yellow dusted old gold, very choice30
- Ylo**, 6", very pert yellow with artistic flaring falls, heavy substance30

We have lots of correspondence, more than 3 of us can handle at times. We have to write up these orders too.

Intermediate Bearded Iris

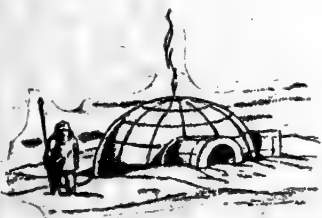

APRIL FLOWERING

This group of iris generally come into bloom after the early dwarf iris and some even bloom late into the tall bearded season. The height on these run from 18" to 28" inclusive as this is the currently used classification of The American Iris Society.

To lengthen your iris blooming season, try some of these — the colors are just as bright as their tall bearded brethern. Prices Postpaid if order totals \$3.00 or more; for quantity prices see elsewhere in this catalog.

Please give 2nd choice or allow us to substitute.

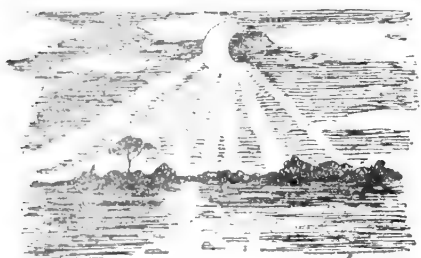

- Each
- Abelard**, 26" E, prolific bright mahogany to livid brown, HM 2 for .35

Nambe, 21" M, Table Iris in blue and
gold, yellow on edge of F90

1950 INTRODUCTIONS

The following two varieties are the only two iris we are introducing for this year. We have tried them for 2 years now and think they are the fore-runners of a new group of dainty stemmed Table Iris unsurpassed for table bouquets.

PRECIOUS GEM,

(Nelson 1949), 24" tall, midseason. Formerly Seedling No. 47-44. In originator's own words: "This rose plicata comes from an interesting line of breeding, being the second generation cross of Parisiana and Alastor. Flower of good form. Standards stitched and stippled purplish. Falls with white field. Vigorous grower and good increaser." We are sure you will fall in love with it as we have.

PRECIOUS JEWELL,

(Nelson 1949), 34" tall, midseason. Formerly seedling No. 47-46. "A purplish red blend. A sister seedling of Precious Gem. Standards nicely closed, perilla purple. Falls darker, medium purplish red. Beard heavy, deep golden. Both standards and falls edged brown. Growth vigorous with plenty of increase." A very dainty stemmed iris for the border and for bringing into the house.

Photo: Dietrick, Des Moines, Iowa

May we introduce two members of the firm—Mr. and Mrs. Melvin G. Geiser. The above photo was snapped in Nashville, Tenn., in one of the lovely iris gardens found there, while Mr. and Mrs. Geiser were attending the American Iris Society convention in May 1948.

Neos, 22" M*, pink and yellow blend .30
Nyx, 28", dark rose-lilac30
Odin, 26" E, very early blue white .50
Old Gold, 28" M, yellow overlaid
buff30
Parc de Neuilly, M*, violet purple,
AM 2 for .35
Pewee, 28" M, Table Iris in white with
slender stems35

- Two for Tea**, 20", Table Iris in delicate orchid pink 1.75
- Warbler**, 25" M*, Table Iris in very small clean yellow formal flowers40
- Widget**, 24" EM, Table Iris, white plicata speckled lavender70
- Zingara**, 24" M, chrome yellow veined oxblood35
- Zua**, 18" E, the most crinkled and ruffled iris grown; pearl grey; this is the white form of Elizabeth Huntington, very unusual30

We are proud that for several years we have offered these fine re-blooming iris — iris which in the southern 2-3rds of the country will give two or more crops of lovely bloom. Every year we have picked blooms in the fall until freezing weather sets in.

These iris are hardy as other iris but they should be given a short rest after the spring blooming season then watered heavily to produce the succeeding crop of bloom; divide frequently.

For quantity prices see elsewhere in this catalog. Prices postpaid on all iris orders of \$3.00 or more.

Please give 2nd choice or allow us to substitute.

- Autumn Dawn**, 28" EE*, ruffled soft pink and yellow blend35
- Autumn Elf**, 18" M*, S olive cream; lavender F, HM 2 for .35

Polar King 36" M, sweet spice*, very large white flushed pale greenish yellow HM, AM45

Priority, red tones, HM, .. 5.00

Shipments To Four Continents

No distance is too great for shipments of IRIS. This past season we have shipped iris to individuals in England, France, Holland, Union of S. Africa, New Zealand, Australia and Alaska.

Sometimes the roots have to be enroute over 30 days, hence we have to dig the roots and dry them slowly for about 20 days prior to our packing them for shipment. We have had one instance of a shipment of iris having traveled 3 times across the Atlantic before they reached their proper destination, yet they still bloomed in June of this past season. IRIS ARE HARDY.

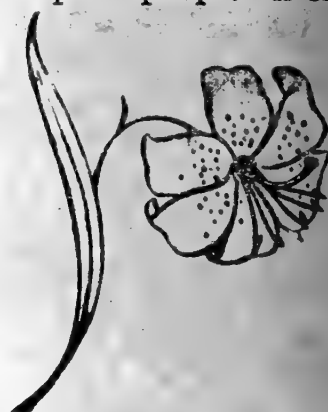

Southland, 24" M, golden yellow, HM, AM30
 Surefire, 18" E*, pale cream30
 Violet Glory, 27", violet*, violet color 1.75
 Whisperwood, 32", clear blue70
 White Autumn King, 28", EE, snow white 2 for .35
 Xeon, 4" EM, deep yellow50

JOIN A FLOWER SOCIETY

Every true flower lover will enjoy the quarterly bulletins (or yearbooks) published by the separate societies, each containing a wealth of information on their favorite flower. In addition there is the close contact with a group of people inter-

ested in your own hobby. Many of the societies sponsor flower shows, annual meetings or conventions and garden club tours. Annual memberships are as follows:

★American Iris Society, Quarterly Bulletins, \$3.50

★Iris Society (England), Yearbook, \$2.85

★Aust. & New Zealand Iris Society, Quarterly Bulletins, \$2.10

★American Peony Society, Quarterly Bulletins, \$3.00

American Rock Garden Society, Bi-Monthly Bulletins, \$3.50

American Horticultural Society, Quarterly Bulletins, \$5.00 (★ if you are member of American Iris Society then dues are \$3.50).

Membership Offer—With every \$15.00 order of stock we will pay ½ the cost of any membership above marked with ★. Merely include remittance for your ½ share cost of membership and indicate on your order which membership you desire.

All checks for membership may be made payable to "Fair Chance Farm" and we will forward direct to society concerned.

Miscellaneous Bearded Iris

(Eupogocyclus, Eupogoregelia, & Misc.)

There is always something new under the sun and particularly in iris. In this group are found the results of crossing two distinct races of Irises to produce heavily veined and netted or marked petals. Through involved breeding and crossing of "Eupogon" and "Pogon" iris we have the "Oncobreds," the "Mohr" family, and many other oddities all of which are perfectly hardy.

These like a dry, sunny location and we have found each one winter hardy if the newly set plants are lightly covered in the late fall. Complete cultural directions furnished with each order.

For quantity prices see elsewhere in this catalog; prices postpaid on Iris orders of \$3.00 or more.

Please give 2nd choice or allow us to substitute.

	Each
Allegría, 12" , dark bronze purple	1.00
Altamohr, 38" M, orchid violet	3.00

son brown, HM 1.75

Edward Windsor, L, seashell pink with
bright tangerine beard 8.00

"Enclosed find two dollars for which please send me your iris mixture as offered in the Farm Journal. The Iris I have already purchased from you are the most beautiful a person could want. So very large and so beautiful. My Iris is the envy of the neighborhood. I do not have very much garden space but I am making the most of what I do have. I always say—well—No more Iris. I have about twenty different kinds now but when I saw your offer in this month's Journal—well—Here I am again. I should get a few different ones as you have so many different kinds."

Mrs. M. T.
New London, Conn.

- Egypt**, 44"M, bronzy violet, quite dark in tone, AM30

SPACING FOR GROUPS OF IRIS IN THE GARDEN

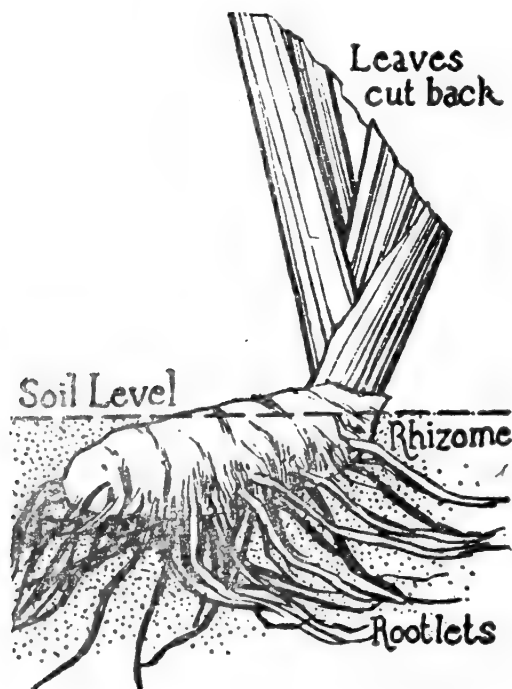

SPACING OF IRIS

For planting in your garden, space as above. By having the toes of the iris pointed inward, the clump will grow with an open center allowing full sunlight to enter. If planting in rows, plant tall bearded sorts about 10" to 12" apart and rows about 18" apart.

Paragon, 36", pearly shell to creamy pink 7.50
 Pastel Portrait, 36"M, warm cream delicately flushed soft pastel pink60

 Salar, 36''EM*, salmon, HM35
 Salmon Splendor, 30''*, salmon pink tones40

Below, we have presented in condensed form, the results of recent American Iris Society Symposiums, ranking of iris by a leading west-coast iris grower, and also rating of the same iris as to performance in two Mid-West iris growing regions. The Symposium is ranking of iris by American Iris Society judges throughout the U.S.A. and Canada based strictly on the popularity of the variety regardless of color, performance, etc. The Regional Performance Rating is a score-card judging the individual iris growth, blooming, and performance based on 100 as perfect score.

This section has been repeated this year because it proved so popular with our customers last year. Descriptions may be found elsewhere in this catalog.

American Iris Society Symposium Numerical Ranking						Included in Leading Grower's 100 Best			A.I.S. Regional Performance Rating 1948

NEW BOOK ON IRISES

2nd Edition . . .

"The Iris - An Ideal Hardy Perennial"

A big 226 page book packed with iris lore, this interesting book written by sixteen outstanding experts will add to your enjoyment of iris growing. For the beginner there are notes on how to plant your iris, how to keep them in good health and how to use them effectively in the garden. For

the fancier there is the botanical background of the iris family, a chapter on genetics, the mechanics of pollination, and suggestions on hybridizing. For everyone there are notes on diseases and pest control, flower photography, Dykes Medal irises and many valuable lists of the better varieties. Well illustrated. Price of permanent cloth binding \$2.50 or heavy paper binding \$1.50. They make excellent gifts for your friends. Order direct from us.

"IN THE HEART OF THE U.S.A."

"World's Largest Collection of Iris Varieties"

Over 17 acres in iris and some 2,250 varieties in many types and species. Pay us a visit: from Beloit 10 miles South on K-14 and 3 West and $\frac{3}{4}$ South. Phone 71F21. Picnic tables available during blooming season.

Pogon Iris

(Juno, Oncocyclus, Regelia, Regeliocyclus, & Reticulata)

Of all the types of iris we have ever grown, none are so rare or so beautiful as those found below. Natives of Palestine and the Asia Minor section, they have now become available for the first time since the war.

Orchid-like, freakish colored, and very scarce they are easy to grow if our cultural directions are followed. They must be given the very best well drained, driest location and are planted very late in the fall. Hence our shipments are not made until November or December so that they will not make too much growth and be frozen.

When cut in bud these flowers unfold beautifully in water. None of these sorts are suitable for spring planting. Prices Postpaid if total iris order totals \$3.00 or more. Complete cultural directions are furnished.

JUNO IRIS

Bucharica, 12", the Bokhara Iris, foliage like maize, white flower except on blade of F which is yellow with dark blotches **.50**

Vicaria, 12"E, white tinged with lilac-blue, 7 or 8 blooms per stem **.60**

White Empress , 36", sparkling white65

White Way , purest white55
Zest , iridescent blue80

Winners of Iris Dykes Memorial Medal

Due to the many inquiries we have had regarding the Iris Dykes Medal Winners of the past years, we offer the information given below assembled from bulletins of the American Iris Society.

All varieties, except one (Margot Holmes—not hardy with us) are now growing in our gardens.

The Dykes Memorial Medal, instituted in 1926 to commemorate the work of the late W. R. Dykes in "advancing appreciation of the iris," has been awarded to outstanding varieties in England, France, and America. The method of choosing a Dykes Medal Winner in England is quite different from the system followed by the American Iris Society for the American award. In England the medal is awarded to a new seedling, while here it is chosen from Award of Merit winners of a three-year period. The following awards have been made to late (where no variety is listed, no award has been made in that year):

Year	America	England	France
1927	San Francisco	Margot Holmes	
1928			
1929	Dauntless	Joyance	Pluie D' Or

Spuria Iris

The unexcelled cut flower of the Iris family. With leaves resembling the Siberian Iris but much coarser and roots resembling a rooster spur, they form spikes of blooms not unlike gladiolus. They flower right after the peonies.

Shipped late in September and October or very early spring; cultural directions furnished.

Orders from this section must total \$3.00 or more to be Postpaid (otherwise add 25c for postage) unless other items are ordered to be shipped at the same time.

- Each
- Alice Eastwood**, brilliant yellow80
- Azure Dawn**, 54", lavender blue with lemon yellow signal patch on falls2.25

- Wadi Zem Zem**, 48", clear cream1.65
- Yellow Swallowtail**, S-light yellow; F-deep velvety yellow; slow grower 2.75

Iris Collector's Items

Due to lack of space for complete descriptions, we have listed below many of the older varieties of iris all of which are just as colorful as many of the newer ones and in most cases more hardy. So hurry, hurry, for in all probability you will never again be able to secure these sorts in as much as we have been the only firm in the country carrying the majority of these items—they will be permanently "out of commerce" once we are sold out.

Please include 2nd and 3rd choice when ordering.

Prices **POSTPAID** on all orders of \$3.00 or more. Prices on all varieties: 3 roots of one variety for 40c. or 10 roots of 1 variety for \$1.00.

Note: In the following Iris descriptions, (DB) indicates Dwarf Iris; (IB)—Intermediate Iris; and (RE)—Reblooming Iris.

 buff

NOTE: Since we furnish roots of above varieties from old established clumps, the individual rhizomes will not be quite as large as divisions from young plantings. However, this in no way impairs their growing ability and their blooming in your garden. Usual Guarantee (see inside back cover) still applies to these iris.

Hemerocallis

(Daylily), adaptable for any climate and soil, unsurpassed for planting with Iris to extend your perennial blooming season into the late summer. New blossoms open each day—bloom over long period. Becoming very popular. Plants shipped only in late summer about Sept. 1st to freezing an early spring.

Oriental Poppies

These perennial poppies which may now be had in soft pastel shades far surpass the older annual sorts for brilliance of color. For a bold landscape effect and for use as a cut flower, you will find these Oriental Poppies fast coming into prominence.

Orders filled only between August 20th and October 15th as we ship only field grown roots—no pot plants. Positively no spring shipments.

Postpaid Prices if Poppy order totals \$3.00 or more (unless other items are ordered that can be shipped at same time), otherwise include 25c for postage.

Indian Chief , L, mahogany color90
Jeannie Mawson , 34", M, geranium pink, erect stems50
John III , 24", S, no blotch dainty coral pink, no lascinations	1.00

"This is a short note of appreciation for the wonderful Iris rhizomes shipped a few weeks ago. They are indeed beautiful iris and the free ones are very much appreciated. This is my first try which is spurred on by magazine articles. All my friends say iris in Florida are impossible but naturally I would want to try with them. Previously I ordered 5 iris from a Washington concern. They were rather poor and I was disappointed to think I had not placed another order for more (with you). But I want to stress how pleased I am with them. The iris is now starting to grow and really are looking well. By the way your Fair Chance Farms are receiving the highest of compliments from me to my friends and I know they will always receive material in wonderful shape."

Mrs. A. J. B.
Lakeland, Fla.

- Joyce, 40", M, American Beauty rose, rounded petals55
 King George, 34", L, scarlet75
 Lach's Koenigen, 40", L, peach or shrimp red with pink cast, large blotch80
 Lord Lambourne, 34", S, scarlet deeply fringed, black blotch40
 Lulu A. Neeley, 34", M, very deep dark red65

- Mary Ellen, 34", S, tulip shaped, shrimp pink, slender stems, small ox-blood blotch 1.20

- Mayflower, L, pink like crinkled rose buds, good form 2.00
 May Queen, 27", very early double orange55
 Mrs. Perry, 29", M, salmon pink45
 New Perfection, 34", M, seashell pink, heavily fluted, crisp80

- Olympia, 26", M, true double poppy in grenadine red-orange, no blotch, fine for permanent planting; blooms 3 to 4 weeks before other sorts45

- Perfection, 34", M, light coral80
 Perry's White, 36", M, satiny white with maroon blotch, very popular70
 Pink Radiance, 42", M, tulip shaped cerise, small blotch55
 Prince of Wales, 28", S, coral40
 Purity, 24", S, pink no blotch, excellent for cutting55

- Salmon Glow, 24", double salmon orange, does not sucker60
 Sass Pink, 34", M, Chatenay pink70
 Snowflake, 32", L, one of most unusual poppies, petals edged with orange fading to white toward center; crinkled (Plant Patent No. 365) .. .75
 Toreador, 37", L, carmine deep crimson50

- White Delight, snow white with fan shaped petals and dark base spots 1.25

- White Queen, choice scarce white .. 1.75
 Wunderkind, 40", L, begonia rose, fine for cut flowers, strong grower, considered one of the best in this color75
 Wurtembergia, 40", L, one of the largest reds grown, a favorite60

"The Iris order arrived in good condition Sept. 15. They are nice rhizomes and I am well pleased. Since your prices are lower than most iris dealers, and since you are so generous with free gifts I was afraid the iris would be inferior, but I am well satisfied.

Because your climate is similar to ours, I believe your iris will do better here than the ones from Washington and California. Thanks for the excellent rhizomes."

Mrs. B. H. McF.
Waco, Texas

World's Largest Collection

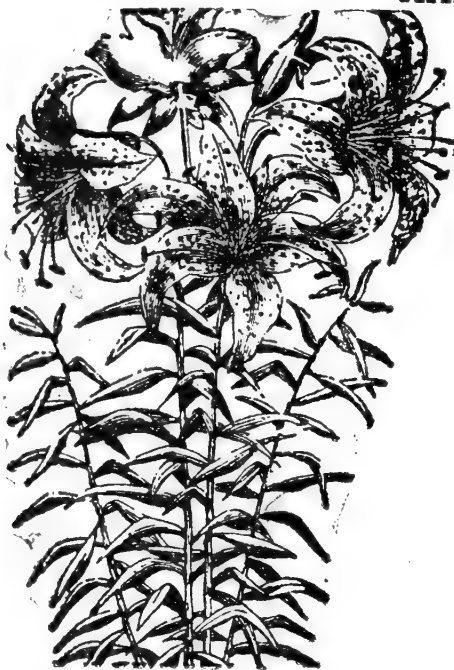

OVER 2,200 VARIETIES

Yes, sir that's what we have growing in our collection as found on Fair Chance Farm. We've been gathering them from all corners of the U.S.A. and the world trying to make ours the most representative collection as found anywhere. Pay us a visit and see for yourself the beauty of the Iris.

Lilium

HARDY GARDEN LILIES

Few flowers bring the exotic and unusual beauty as do the lilies. Not the easiest of flowers to grow, they challenge the gardener's originality and skill but when well grown they are unsurpassed in beauty. The varieties listed below are very hardy when grown according to planting instructions furnished.

Bulbs of varieties ripen at different times hence they will be shipped separately at the proper planting seasons. Only top blooming size bulbs furnished (5" in circumference and up), but please remember that not all varieties have the same size bulbs. Time of flowering indicated after name and height.

Each

Amabile, (Turk's Cap), 36", June, brilliant grenadine-red spotted black, for full sun; grows in dry locations, from Korea **.50**

Amabile Luteum, 36", June, bright yellow and slightly later than Amabile **.75**

Peonies

FOR DECORATION DAY

Unsurpassed as cut flowers these fine perennials can also be used for landscape purposes. Grow your own peony blooms—why buy them? Season of bloom indicated by E—early, M—midseason, or L—late; fragrance by*. Number immediately preceding color description is the American Peony Society rating based on 100 as a perfect flower.

Shipments begin Sept. 20th—shipments made in spring until about April 1st.

Minimum Peony order accepted \$3.00.—Prices POSTPAID. Strong 3 to 5 eye, disease free, hand-dug roots furnished.

Varieties marked with \$ are especially priced because of surplus stocks on hand. Use these for mass plantings and have a wealth of bloom in the years to come. Complete cultural directions furnished with every order.

DOUBLE VARIETIES

Parmica The Pearl, 24", July, white, excellent cut flower ----- .35

Snowball, 24", July, double white ----- .50

Visit Our Iris Fields

Middle Of May

Peak Of Bloom

Visitors galore, yes sir, over 3,750 visitors tramped through the iris field paths on one Sunday last May. So many came in cars that it took 4 men to direct traffic.

The peak iris bloom is usually around May 15th to 25th, depending on the season. Of course we have some iris starting to bloom about the middle of March, and other varieties coming on through the month of April, until the Iris symphony reaches its crescendo in mid-May. Even late in the fall one can see the re-blooming iris out in full color until the frosts come.

As an added attraction, we have many peonies out in full bloom during the last week of May. Oriental Poppies and other families of iris may also be seen in bloom, including the increasingly popular Spuria Iris.

We are located 10 3-4 miles south of Beloit on K-14 and 3 west.

- Aethionema Persicum**, (Persian Candytuft), 18" greyish leaves, rose colored elongated racemes; plant in the worst type of soil .40
- Amsonia Tabernaemontana** (Blue Star of Texas), 24", May, light blue, willow-like leaves ----- .35
- Anthericum Ramosum**, (St. Bernard's Lily), herbaceous perennial with lily-like flowers, low growing ----- .45
- Armeria Maritima brilliant** (Sea-pink), 12", May, rose colored, low clumps of grass-like leaves ----- .50

Chrysanthemums, you can't go wrong with these late blooming flowers. Each variety is very hardy and all are early blooming. Strong field grown divisions; shipment in early spring and late fall (for special collection see separate section for collections in catalog):

- American Beauty**, 30" M, large old rose recommended for this section -- .35
- Butterball**, 24" E, small golden yellow ----- .35
- Early Bronze**, 18" E, glowing bronze ----- .35
- Flesh**, 30", lovely flesh color ----- .25
- Lavender Lady**, 36" M, true lavender button pompon type ----- .45
- Olive Longland**, 18" E, apricot pink ----- .50
- Spoon Jasper**, 30", bright bronze red mottled gold ----- .35
- Tassiva**, 12" M, compact white ----- .35
- White Gull**, E, prolific white pom-pom ----- .30

Cushion MUMS

PERMANENT- LABELS FOR YOUR PLANTS

At last we have found an economical, satisfactory label which you can use to keep a permanent record of the fine Iris which you purchase. Made of aluminum foil, the name surface measures 1" x 11" with a slit at one end through which the opposite end may be inserted and thereby attaching label to wire or stake. See rough sketch below.

Labels without names inscribed thereon, price is 1½c per label—waterproof crayons 20c each: all prices POST PAID.

FAST, MODERN SERVICE

Yes, we do our utmost to get your orders cut on time. However, you can help lots by sending in your order early. In addition there are FREE. Iris given for early orders—see offer elsewhere in this catalog. We promptly acknowledge all orders which are for shipment at some future date, but all orders which are to be shipped at once, we do not acknowledge.

Around April 1st and July 15th, we have such a backlog (sometimes as many as 1,000) of previously booked orders, that it is impossible to ship currently received orders within 48 of 72 hours—we ship just as soon as possible.

"I received the iris day before yesterday and will frankly say I have never seen finer roots, was surely delighted and feel you did your finest in replacements."

Mrs. F. D. B.
Placentia, Calif.

"Thank you for your prompt and generous way of taking care of my order oversight. The plants arrived in good shape."

H. N. P.
Tascadero, Calif.

"Received and planted bulbs Aug. 17. Must say you were very generous in your count of bulbs."

Mrs. S. E. L.
Port Orchard, Wash.

"Was very much pleased with the iris I received from you: they arrived in fine condition and look good."

Mrs. H. McC.
Fraunkfort, Michigan

"I was well pleased with the Iris I sent for this spring. I remain your well satisfied customer and I intend to visit you next summer."

Mrs. E. B.
Creston, Iowa

Yellow	20 for \$1.60
Mixed, all colors	30 for \$1.50

"I am especially interested in a fine colorful assortment of iris as the walk between my house and one of our most prominent churches is such an ideal spot for a row of iris. I am very pleased with the iris I have already received, and please send as nice roots as you can as I am anxious for them to bloom next spring if I am not too late receiving them."

Mrs. J. P. B.
Lawton, Oklahoma

"We are in receipt of the two rhizomes of Ola Kala and are well pleased with their apparent vigor. Thanks for the 'free' Sharkskin."

L. D. F.
Council Grove, Kans.

"Rec'd all the Iris I sent for in good order. Thanks ever so much and many thanks for the Free Iris."

Mrs. A. F. K.
Surshes, Iowa

"I received the iris plants and am so very well pleased with them. Please send me one of your catalogs. If you have any more Iris specials please let me know about them."

Mrs. J. O. B.
McGregor, Texas

"Many thanks for your iris shipment, the last member of which arrived yesterday in the form of "Cleo," looking a little travel-worn, but with lots of rhizome which to derive fresh vigour. Here's hoping the fall stays mild long enough for her to make herself at home."

Thank you for the Odin, Sunset Tan, and Spring Cloud, and I was glad that you were able to supply my order so completely. Your catalogue is a treat—there are so many things I'd like to order—!! especially the species."

L. Q.
Listowel, Ontario, Canada

"I can't begin to thank you for your Iris order which I received this morning. I've heard of the old fashioned baker's dozen but my order well topped that. Thanks for the extra Iris too. Awaiting the arrival of Spring, so I can see what new Iris I have, helps so very much to make our long winters up here seem much shorter. Thanks again."

Mrs. M. T.
New London, Conn.

"This is to tell you that our Iris has come. They look wonderful and all of us are looking forward to loveliness this spring. Now I surely want to express my thanks for all the wonderful free material you so graciously sent us. Thank you so much especially for all the pinks and Thunderhead."

Mrs. J. B., Jr.
Grinnell, Kansas

"Received my order of Iris a few days ago. All the plants in good condition and thanks so much for the wonderful free plants, I didn't expect that and if I had selected extra ones myself I couldn't have been more pleased."

Mrs. H. R. G.
Dallas, Texas

No. 15—Spuria Iris

A dollar cutting special, your gain and our loss and we send you three

named hardy varieties, sure to please, labeled by name **\$2.00**

"We are in receipt of the Iris this A. M.
Thanks for the extra plant of L. Merton
Gage."

L. D. F.
Council Grove, Kansas

EARTHLY RAINBOWS

Lays of ancient minstrels
Tales in olden rhyme,
Raise the royal Fleur-de-lis—
This is Iris time.

Kaleidoscopic colors
Pass in gay review,
Emerald swords uplifted
To the morning dew.

Gorgeous lords and ladies
In their gay brocade,
Dancing down the garden path
Rainbows on parade

The king a yellow doublet wears
His chestnut hose so bright!
A purple gown bedecks his queen
With ruff of snowy white.

Her ladies dressed in pastel hues
Like butterflies, not flowers—
The Lord's adorned in sable cloaks
To keep away the showers.

They're clad in satin, velvet, plush,
Some powdered thick with gold,
Their ruffles sheer are edged with lace
And striped and buttonholed.

Each blossom is a gem of art;
Rose, salmon, violet blue—
No other flower of any kind
Can boast more varied hue.

We see no color missing
Within this paint-pot bright,
The orange, primrose, yellow—
Hold all of Springtime's light,

They stand there opal, white, and red;
Brown, purple, copper, gold—
A hoard no miser ever keeps,
No treasure he could hold.

This goddess of the rainbow
Can open wide the door
And show to you a masterpiece,
The best of nature's store.

—Delight Worth

(Used by permission)

"I received that Argentea Iris you sent as
as a replacement; came to-day which I
appreciate very much. All the other Iris
which were in the same order are just
growing nicely. Again many thanks for
the Iris."

P. H.
St. Louis 18, Mo.

"The Iris arrived to-day and am I ever
delighted. Was all ready for them. Thanks
for the extra ones."

Mrs. W. H.
Greensburg, Ind.

"I ordered the 50 Iris roots last fall and
was well pleased with them, most every
one bloomed."

Mrs. J. A. T.
Brookline, Missouri

"The last order has just recently arrived.
Some were more the equivalent of "2"
roots than just one and should do well
here."

Mrs. E. W. B.
Windsor, Va.

Terms Of Sale

Please Read Carefully

GENERAL: This price list cancels all previous listings and is subject to change without notice. Special quotations to legitimate dealers and nurserymen on request stating want list of varieties or colors desired.

TYPE OF ROOTS: Plants are vigorous and acclimated to this section assuring their success in any garden. Only disease free **STATE INSPECTED** non-irrigated First Class plants sold. However, please remember that not all varieties have giant size roots. Some of the Pogon Iris have only small pencil-size roots.

SUBSTITUTIONS: When sold out of a variety, we substitute with an equally good or higher priced sort unless advised to the contrary. Otherwise, please list several acceptable substitutes.

GUARANTEE: All stock guaranteed true to name, of the finest quality and to reach you in a live and growing condition. Claims must be presented within 10 days after receipt of stock and plants returned to us at our expense. Full refund (or replacement) will be given including return charges.

As an additional protection for you, we guarantee our stock to grow in your garden or replacement will be made at ½ current catalog price Postage Prepaid. Claims limited to 6 months from date of shipment. Guarantee does not apply to Eupogon (Bearded) Iris shipped in the spring.

TERMS: Cash with Order. Orders \$3.00 and over, shipped POSTPAID anywhere in the United States. Add 25c extra for orders less than \$3.00. All C.O.D. orders shipped COD for postage and all value charges.

Foreign Customers: Minimum order \$5.00. Secure import permit if required by your country.

Canada—add 10% to cover special handling and postage.

Other Countries—add 20% to cover special handling and postage; amount not actually used will be applied against extra roots. Be sure to place order early as roots have to be dried 30 days prior to packing and delivery takes from 30 to 60 days additional. Damp packed items should be shipped by Air Parcel Post—inquire as to shipping charges prior to ordering.

Residents of Kansas: Include 2% State Sales Tax on all orders.

MINIMUM ORDERS ACCEPTED—certain plants must be packed and shipped separately. See paragraph headings of each section where applicable.

TIME OF SHIPMENT: Orders filled in rotation received as follows—Eupogon & Pogon Iris—July 15th until ground freezes. Spring until about April 10th.

Siberian, Spuria & Misc. Iris—Fall beginning Sept. 15th; spring until about April 10th.

Poppies—August 20th to October 20th.

Other Items—Late fall and early spring.

FREE Iris: In addition to pricing our stock at close-out prices, we will give additional iris equal to 20% of your order. We to select the variety from among our higher priced surplus sorts but you may indicate a color preference. You may also indicate several sorts which you would like to have and if we have them in surplus, we will include value to 20% in your order.

RESERVATIONS and FUTURE SHIPMENTS: All orders booked for shipment as soon after July 15th as possible; orders booked for shipment in order received. Peonies and other items which must be shipped later will be booked for shipment in order as received. Since we are closing out all our stocks, it is imperative you get your orders in early
